

Supporting Statement

My name is Chrissie Bacon, married to Mark and mother to five children. I have lived in the Chichester area for many years and now reside in Bracklesham.

I am a business owner, member of CASE (Chartered Accountants Southeast) Board and am appointed Council Member of the ICAEW representing the Southeast.

I am also Governor of Bishop Luffa School, Director of several other companies and Trustee to a few charities based in the Southeast.

I became a Christian as a young child and went through adult baptism at the age of 17. I have attended many different churches over the years, but in more recent years have been more led by the needs of our family.

I have only really served the church with providing coffee support occasionally and as a Trustee for one term. I am extremely busy with work and travel nationally and internationally supporting our charity clients.

One thing I am good at is finance, so I would be happy to stand as a Trustee for Immanuel again and serve the church in this way.
